Every effort will be made to continue enrollment, but if behavioral issues persist either by a student or a parent that present a threat to safety of students and staff, hinder the fun and professional environment, or if there are issues of non-payment, students will be unenrolled via written notice. In the incident of reports of suspected in house child abuse or neglect Little Nest Preschool will remove the teacher from the classroom until the Department of Social Services has conducted their investigation and filed their official report.

## **Reporting Changes of Circumstances**

As a licensed facility, we are required to report changes in circumstances to the Dept of Social Services. These changes include change of location, new director, the felony conviction of any staff member or involvement with Child Protective Services or law enforcement concerning investigations of child abuse or neglect.

## **Rules**

Please review the following rules with your child. We will help guide and remind them in these areas as well.

- Use an inside voice
- Use listening ears
- Stay with our group and teacher at all times
- Use walking feet inside
- Use our words when we're upset

- Feet first down slides

## **Safe Handling and Storage of Hazardous Material and Disposal of Bio Contaminants**

- Staff undergo orientation from the Department of Social Services addressing safe handling and storage of hazardous materials and disposal of bio contaminants. Staff are trained on what is a hazardous material, chemicals are kept in locked cabinets away from children, they remain in their original containers and labeled (except for bleach solutions, which are in labelled spray

bottles). The number for poison control is kept onsite and there are first aid kits located in each room and on field trips. All staff understand hazardous items are to be stored after use. Staff are also trained on Standard Precautions which include handwashing after diapering, providing toileting help, personal contact with any bodily fluids, before and after administering first aid, or cleaning up a spill or object that has come in contact with bodily fluids. Staff are also trained on proper glove use, which includes proper removal, disposal, washing hands after they are used, and training on how to disinfect areas after they have come in contact with bodily fluids.

### **Sanitizing and Cleaning Schedules**

- We follow strict daily sanitizing and cleaning schedules.
- We are inspected annually by the Department of Health, the Department of Public Safety, and the Department of Social Services.
- We exceed sanitizing and cleaning guidelines by utilizing safe but strong disinfectants throughout our center during the peak of cold and flu season each weekend.

### **School Age Program**

Steps to success for the school age program

1. Review with your child the pickup procedure for afterschool care (what our vehicle looks like, where to meet us, and that they are to come straight to the pickup vehicle etc)
2. Make sure their teachers and school office know that we are providing pickup and the location of our vehicle.
3. If we won't be picking up your student, you must call in and notify us by 2:00 pm. It's important that we know who we'll be picking up each day to ensure the safety of all students. Please notify us if your out of town, your child is ill etc. **If we're waiting at the elementary school for your child and they are absent there will be a \$15 fee added to your tuition.** When we're waiting at schools for children who aren't there, it makes us late to pick up at the next school, and is stressful for the instructor and students who are waiting.
4. School age students and families should follow all other guidelines outlined in the handbook and contract.
5. Please note school age tuition increases to the regular tuition rate of \$150 per week in the Summer months. It does not increase during "no school days" during the school year, but you will be asked to pack a lunch those days.

### **Show and Share Days**

- Show and Share will be held each Friday during the school year. This can be any special item your child wants to share with the class but must be labelled.
- If you wish to bring in a special pet please arrange to have it taken home after circle time.

### **Sign In/Out**

All students must be signed in/out daily on our computer system. **This is an important requirement from the Department of Social Services.**

### **Smoking**

Smoking on the premises of Little Nest Preschool is strictly prohibited.

### **Staff Requirements**

Primary staff must be at least 18 years of age. Secondary staff may be 14 as long as they are supervised by an adult. All programming is planned and overseen by the director and site managers who are all CDA certified. All staff undergo background checks and are CPR and first aid certified. Staff completes over 60 hours of training annually. We have a highly developed staff professionalism training program. All staff are placed on leadership career pathways that involve continuing education through SDSU and opportunities for advancement. We partner with the Rapid City Area School District to make sure all of our students are on track for kindergarten.

### **Termination of Care Requirements**

A two-week written notice is required when a family decides to terminate care. The deposit at enrollment will be applied toward the last week. Little Nest Childcare reserves the right to cancel care to protect the health and safety of students and staff and to protect our financial stability. (See Expulsion, above)

### **Toys**

Please only send one toy to preschool per day, and they must be small enough to fit in their cubby or backpack. Remember to label all toys brought to preschool. Please do not send items such as guns, belts, “grabbing” toys, nail polish, and let your child know that if they bring an item such as a ball, they will only be allowed to use it outside!

### **Transportation**

- Transport is always one of our 15-passenger preschool vans.
- We have enough booster and harnessed car seats, but we’re happy to use a family’s personal car seat if they prefer, provided it is in good working order.

### **Two Home Families**

Please let us know if your child has two households. This allows us to make sure copies of event schedules, parent letters, and special family crafts go home in duplicate.

### **Winter Weather and Snow Days**

- We want to keep students and staff safe during Winter weather!
- Normal tuition will still be due even if there are snow days, late starts, or early dismissal.
- If Rapid City schools are closed due to weather, Little Nest Preschool will also be closed.

If Rapid City School are closed due to hot temperatures, we will remain open. Thank you for helping us protect everyone’s safety while not penalizing staff financially for weather none of us can control!
